### **EXECUTE** RESIDUAL INSECTICIDE

#### **DESCRIPTION**

EXECUTE is a long lasting residual insecticide specifically formulated to control crawling insects in both domestic and industrial applications.

#### **APPLICATION**

Spray EXECUTE directly onto insects for fast kill or spray onto surfaces for up to two months barrier protection from crawling insects. Spray walls, windows, and ceilings paying particular attention to areas where insects aggregate.

#### **BENEFITS**

- D.P.I. approved for meat export establishments.
- Provides two months barrier protection on hard surfaces against crawling insects.
- Low mammalian toxicity.
- EXECUTE contains one of the most effective residual insecticides known today.

#### **DIRECTIONS FOR USE**

1. Remove all food and food utensils from the area to be sprayed. Turn off all fans, air-conditioners, gas heaters and any source of naked flames.
2. Pour EXECUTE into a hand operated sprayer and spray directly onto insects for fast kill.
3. For a barrier protection of surfaces spray the surface to be treated to the point of drip or run off.
4. Leave the area that has been sprayed for up to two hours and thoroughly wipe down all food preparation areas with hot water before food re-enters the room.

#### **PACK SIZE**

- 400 gm Aerosol can
- 4 Lt polyethylene jerry can

#### **HEALTH AND SAFETY INFORMATION**

See separate Material Safety Data Sheet, available on request.

The Product Information Sheet supersedes all previous issues for this product. Information contained herein is offered in good faith as being true and accurate to the best of our knowledge, but as the conditions of use are beyond our control, no guarantees are either stated or implied.

Where health or safety data given discloses a risk to the user or the environment, it is the responsibility of the purchaser to pass on the information to employees who may be using the product, ensuring that adequate safety procedures are used, including good industrial hygiene.
