# Original Glass Treatment

## Product Description

In tests conducted by a major university, better visibility improved driving response time up to a full second or more. At highway speeds, that's almost four car lengths of extra stopping distance!

Apply to any automotive exterior glass. Rain-X Original:

- Contains hydrophobic molecules which bond to the glass surface forming an invisible shield that causes water to bead off for improved visibility.
- Repels rain, sleet and snow making it easier to be more in control while driving in wet weather conditions.
- Available in 3 convenient sizes – 103ml, 207ml and a 473ml trigger pack making it easy to store and use.

## Directions for Use

- Clean and dry surfaces before treating
- Apply in temperatures above 4 degrees Celsius
- Apply Rain-X to a small, folded, dry cloth
- Wipe onto exterior glass using a firm, circular and overlapping motion
- Allow product to dry; a slight haze may appear
- Reapply Rain-X to ensure complete and uniform coverage
- Remove final haze with a dry cloth or by sprinkling water onto the haze and wiping with a paper towel

## FAQ's

- Q. How long will a Rain-X Original Glass Treatment application last?  
 A. This product typically lasts about 3 months depending on weather and environmental conditions.
- Q. If I get Rain-X Original Glass Treatment on my paint, will it ruin the paint?  
 A. No, but you should rinse the product off with soap and water.
- Q. Can I use Rain-X Original Glass Treatment on my shower door?  
 A. Yes Rain-X Original Glass Treatment can be used on glass shower doors without any etching to achieve the benefits of Rain-X water beading in the shower.
- Q. Is Rain-X Original Glass Treatment safe to use on plastics, helmet visors and motorcycle windshields?  
 A. No, this product is intended for use on automotive glass. For plastic applications we recommend Rain-X Plastic Water Repellent (620036).
