sized washroom and
odour control needs.

Tork Airfreshener A1 System

Bring a freshness to your washroom that your customers and staff will appreciate.

takes care of the biggest jobs

The innovative Tork® Airfreshener A1 System utilises state of the art technology to ensure that washrooms and work spaces smell fresh and clean. Available in the award-winning Tork Elevation dispenser design, the Tork A1 system offers a number of user-friendly features that provide maximum effectiveness and minimum cost in-use. The Tork A1 system will eliminate unpleasant odours and provide long lasting air freshness.

High performance

- High capacity system – each refill delivers 3,000 sprays enough to last up to 90 days
- Clever countdown clock indicates the days remaining until the refills require replacing
- Easy to use customised programming to suit any size washroom and odour control needs
- Set to 30, 60 and 90 days; 8, 12, 16 or 24 hrs per day; 5, 6 or 7 days per week; and set start time
- Warning tone when refills or batteries require replacing; batteries will last up to 36 months¹
- Replacement warranty on dispenser for 10 years

Hygienic system

- Three choices of fragrance: citrus, fruit and floral
- Traditional air fresheners only mask odours. The Tork A1 system delivers concentrated fragrance oil and an odour neutralising agent to eliminate unpleasant odours to provide long lasting air freshness
- Fresh smelling washroom reinforces the cleanliness of the washroom

Environmentally responsible

- The introduction of geothermal steam at our Kawerau (NZ) plant, has reduced the plant's CO₂ emissions by 39%²
- Refills are CFC free – using an environmentally friendly hydrocarbon propellant
- SCA has been named in the Innovest top 100 most sustainable companies for the past 5 years
- Refills are recyclable after use
- All Tork plastic dispensers are fully recyclable³

¹ Batteries not included.

² Based on Corporate Greenhouse Gas Reporting – Data and Methods, 2008. New Zealand Ministry of Environment, Scope 1 and 2 emissions.

³ ABS Plastic (# 7) is recycled at a number of transfer stations and commercial recyclers across Australia and New Zealand. Ensure you check directly with the recycler.

Tork Airfreshener A1 Dispensing System

Tork Elevation and innovation go hand in hand

- Award-winning, innovative dispenser perfectly combines functionality and design
- Tork system identifier printed in the dispenser allows quick refill identification
- Compact dispenser is easy to install and discreet in appearance
- Tork Elevation is available in white
- Tork Elevation A1 is a part of a co-ordinated range of washroom dispensing systems

About Tork

The Tork brand offers a complete range of hygiene and cleaning products and services for the away-from-home market, for use in washrooms, healthcare, foodservice and industry. Tork is a market leader in many segments and a partner to businesses in over 90 countries. Tork is a global brand in the SCA portfolio. To keep up with the latest Tork news and innovations, please visit www.tork.com.au or www.tork.co.nz

About SCA

SCA is a global hygiene and paper group that develops, produces and markets personal care products, tissue, packaging solutions, publication papers and solid-wood products, with sales of around EUR 10.5 billion. The SCA Group employs about 50,000 people, and conducts sales in some 100 countries. The hygiene portfolio includes global brands Tena and Tork, and regional brands Libra, Handee, Purex and Sorbent. SCA hygiene solutions are found in both domestic and business settings worldwide.

SCA is recognised as a global leader in sustainable development and was ranked as one of the world's most sustainable companies by Corporate Knights and as one of the world's most ethical companies by the Ethisphere Institute in 2010. For more information about SCA, hygiene and sustainability, please visit www.sca.com
