Tork Hand Towel Zigzag H3 System

Single sheet dispensing
reduces consumption
and waste.

a reliable solution for demanding environments

The Tork® Hand Towel Zigzag H3 System has earned a reputation as a reliable and cost effective hand drying solution. With the choice of the award-winning Tork Elevation dispensers in either high capacity or compact dispensing systems, the robust Tork H3 System is suitable for demanding environments. Single use and hygienic touch free dispensing ensures a fresh towel every time.

High performance

- Versatile system that offers the choice of a high capacity dispenser suitable for busy washrooms or a compact dispenser suitable for smaller washrooms with fewer visitors
- Easy and intuitive maintenance, refilling and use
- Dispenser holds up to 500 towels reducing servicing time and the risk of paper run-out
- Large sized towel for increased drying capacity
- Single sheet dispensing for reduced consumption
- The Tork Advanced flushable towel rapidly dissolves if flushed down the toilet, preventing costly maintenance to clear blocked and clogged toilets

Improving hygiene

- Hygienic system - only touch the towel you use
- Single use disposable towel reduces the risk of cross contamination
- Highly absorbent paper towel for more efficient hand drying – paper towels reduce bacteria on hands by up to 77%¹

Environmentally responsible

- The introduction of geothermal steam at our Kawerau (NZ) plant, has reduced the plant's CO₂ emissions by 39%²
- Recycled refill option with Blue Angel accreditation available
- SCA has been named in the Innovest top 100 most sustainable companies for the past 5 years
- All Tork paper products are sourced from 100% non-controversial forest sources
- All Tork plastic dispensers are fully recyclable³

¹ Source: K Redway, A comparative study of three different hand drying methods: Paper towel, warm air dryer, jet air dryer, University of Westminster, 2008.

² Based on Corporate Greenhouse Gas Reporting – Data and Methods, 2008. New Zealand Ministry of Environment, Scope 1 and 2 emissions.

³ ABS Plastic (# 7) is recycled at a number of transfer stations and commercial recyclers across Australia and New Zealand. Ensure you check directly with the recycler.

Tork Zigzag H3 Dispensing Systems

Tork Elevation and innovation go hand in hand

- Award-winning, innovative dispensers perfectly combine functionality and design
- Two innovative locking modes. Lock can be set to be opened with a key where secure locking is necessary or lock set to be opened without a key for low risk areas
- Universal key can be used in all Tork Elevation towel, toilet and soap systems
- Transparent front conveniently shows when refilling is required
- Tork system identifier printed in the dispenser allows quick refill identification
- Stay in touch business card holder for contact details and easy reordering
- Mini version available for compact spaces
- Tork Elevation is available in black or white
- Tork Elevation H3 is part of a co-ordinated range of washroom dispensing systems

About Tork

The Tork brand offers a complete range of hygiene and cleaning products and services for the away-from-home market, for use in washrooms, healthcare, foodservice and industry. Tork is a market leader in many segments and a partner to businesses in over 90 countries. Tork is a global brand in the SCA portfolio. To keep up with the latest Tork news and innovations, please visit www.tork.com.au or www.tork.co.nz

About SCA

SCA is a global hygiene and paper group that develops, produces and markets personal care products, tissue, packaging solutions, publication papers and solid-wood products, with sales of around EUR 10.5 billion. The SCA Group employs about 50,000 people, and conducts sales in some 100 countries. The hygiene portfolio includes global brands Tena and Tork, and regional brands Libra, Handee, Purex and Sorbent. SCA hygiene solutions are found in both domestic and business settings worldwide.

SCA is recognised as a global leader in sustainable development and was ranked as one of the world's most sustainable companies by Corporate Knights and as one of the world's most ethical companies by the Ethisphere Institute in 2010.
