

Tork SmartOne Toilet Roll Systems

A smart way to improve hygiene

Improve hygiene

Easier dispensing

Reduce consumption

Tork® SmartOne® toilet roll system cleverly dispenses one sheet at a time, helping to improve hygiene and reduce consumption. And lower consumption means fewer refills and less maintenance and storage.

Improve hygiene

- Reduce the chance of cross contamination as the user only touches the sheet taken
- Tamperproof – no unwanted items can be forced inside the fully enclosed dispenser
- Specifically designed to be easy to clean and service

Easier dispensing

- One hand dispensing leaves the other hand free for steadying
- Toilet paper is easy to access as it's positioned to the front and centre of the dispenser
- Prevent harm with no sharp edges or teeth on the dispenser

Reduce consumption

- Reduce consumption by up to 40%* with one at a time dispensing
- Limit unnecessary waste by using every last sheet with the SmartOne Twin Mini dispenser
- Stop pilferage with a lockable dispenser

* When compared to a standard jumbo toilet roll according to internal European research with 7,729 users.

Metal key and lock prevents pilferage

Shock-resistant polycarbonate

Transparent to check refill level

Tamperproof – no unwanted items can be forced inside the dispenser

Single sheet dispensing improves hygiene and reduces consumption

Mount horizontally or vertically to suit your washroom
